Print Engine Sample Applications in Delphi

Introduction to using API calls in Delphi

Pedelf16.zip

This file contains a Borland Delphi 1.0 application using PE (API) Calls. The application is meant to be an introduction to using the PE (API) from within Delphi. For use with versions 4.5 or higher of Seagate Crystal Reports.

<http://support.businessobjects.com/communityCS/FilesAndUpdates/pedelf16.zip.asp>

Pedelf32.zip

This file contains a Borland Delphi 2.0 32 bit application using PE (API) Calls. The application is meant to be an introduction to using the PE (API) from within Delphi. For use with versions 4.5 or higher of Seagate Crystal Reports.

<http://support.businessobjects.com/communityCS/FilesAndUpdates/pedelf32.zip.asp>

Using API calls to modify Printer settings in Delphi

Peprt.zip (Win 9.x or 3.x)

This file contains a Borland Delphi application using Crystal PE (API) calls (both 16 and 32 bit) which illustrates the manipulation of printer DevMode properties, such as Orientation, PaperSize, etc. This application is for use with Microsoft Windows 9x or 3.x (not to be used with Microsoft Windows NT), and Seagate Crystal Reports 5.0.x.108 or higher.

<http://support.businessobjects.com/communityCS/FilesAndUpdates/peprt.zip.asp>

Prntnt.zip (Win NT)

This file contains a Borland Delphi application using the Crystal VCL and Crystal PE (API) calls which illustrate the manipulation of printer DevMode properties, such as Orientation, PaperSize, etc. This application is for use with Microsoft Windows NT and Seagate Crystal Reports 5.0.x.108 or higher.

<http://support.businessobjects.com/communityCS/FilesAndUpdates/prntnt.zip.asp>

RDC Sample Applications in Delphi

Using the RDC with Delphi

SCR_Delphi_RDC.exe

This file contains a Delphi 5 application using the Report Designer Component's Automation server (Craxdrt.dll) from the Report Designer Component (RDC). This application simply previews an existing report (included) using the Crystal Report Viewer for ActiveX. For use with Crystal Reports 8 and higher.

http://support.businessobjects.com/communityCS/FilesAndUpdates/SCR_Delphi_RDC.exe.asp

SCR8_Delphi_RDC_ADO.exe

This Borland Delphi 5 sample application uses the Report Designer Component (RDC) as the reporting development tool to preview a report that uses ADO and a data definition file (TTX file). This sample application is for use with Crystal Reports 8 and higher.

http://support.businessobjects.com/communityCS/FilesAndUpdates/SCR8_Delphi_RDC_ADO.exe.asp

cr9_rdc_delphi7_previewreport.exe

This Borland Delphi 7 sample application uses the Report Designer Component (RDC) version 9 to demonstrate how to view a report without logging into a database.

http://support.businessobjects.com/communityCS/FilesAndUpdates/cr9_rdc_delphi7_previewreport.exe.asp

cr9_rdc_delphi7_changesorting.exe

This Borland Delphi 7 sample application uses the Report Designer Component (RDC) version 9 to demonstrate how to change a report's sorting criteria at run time.

http://support.businessobjects.com/communityCS/FilesAndUpdates/Cr9_Rdc_Delphi7_ChangeSorting.exe.asp

cr9_rdc_delphi7_databaselogon.exe

This Borland Delphi 7 sample application uses the Report Designer Component (RDC) version 9 to demonstrate how to log a report on to a database at run time.

http://support.businessobjects.com/communityCS/FilesAndUpdates/cr9_rdc_delphi7_databaselogon.exe.asp

cr9_rdc_delphi7_exporttopdf.exe

This Borland Delphi 7 sample application uses the Report Designer Component (RDC) version 9 to demonstrate how to export a report at run time to Portable Document Format (PDF).

http://support.businessobjects.com/communityCS/FilesAndUpdates/cr9_rdc_delphi7_exporttopdf.exe.asp

cr9_rdc_delphi7_parameters.exe

This Borland Delphi 7 sample application uses the Report Designer Component (RDC) 9 to demonstrate how to pass parameters to a report at run time.

http://support.businessobjects.com/communityCS/FilesAndUpdates/cr9_rdc_delphi7_parameters.exe.asp

cr9_rdc_delphi7_recordset.exe

This Borland Delphi 7 sample application uses the Report Designer Component (RDC) version 9 to demonstrate how to pass a recordset to the report at run time.

http://support.businessobjects.com/communityCS/FilesAndUpdates/cr9_rdc_delphi7_recordset.exe.asp

Using Report Creation API calls with Delphi

SCR_Delphi_RCAPI.exe

This file contains a Delphi 5 application using Report Creation API calls with the Report Designer Component's Automation server (Craxdrt.dll). This application creates a report from a database file and previews it using the Crystal Report Viewer for ActiveX.

http://support.businessobjects.com/communityCS/FilesAndUpdates/SCR_Delphi_RCAPI.exe.asp

VCL sample applications in Delphi

Using the VCL in Delphi

crvclapp.exe

This file contains a sample Borland Delphi (EXE file) 32-bit application using the version 6 VCL. This application can be used with version 5.0.x.108 and higher of Seagate Crystal Reports.

<http://support.businessobjects.com/communityCS/FilesAndUpdates/crvclapp.exe.asp>

Using the VCL to change printer settings in Delphi

Prtvcl.zip

This file contains a Borland Delphi application using the Crystal VCL which illustrates the manipulation of printer DevMode properties, such as Orientation, PaperSize, etc. This application is Designed for use with Microsoft Windows 9x or 3.x (not to be used with Microsoft Windows NT) and Seagate Crystal Reports 5.0.x.108 or higher.

<http://support.businessobjects.com/communityCS/FilesAndUpdates/prtvcl.zip.asp>

Using the VCL in a Delphi MDI application

Mdi32.zip

This file contains a Borland Delphi 2.0 MDI application using the Crystal VCL control. The application demonstrates how to generate a preview window as MDI Child windows. For use with Seagate Crystal Reports 4.5 32 bit and higher.

<http://support.businessobjects.com/communityCS/FilesAndUpdates/mdi32.zip.asp>

Mdiapp.zip

This file contains a Borland Delphi 1.0 MDI application using the Crystal VCL. The application shows how to use the VCL and Seagate Crystal Reports runtime Preview Window in an MDI environment. For use with versions 4.5 or higher of Seagate Crystal Reports.

<http://support.businessobjects.com/communityCS/FilesAndUpdates/mdiapp.zip.asp>

Using the VCL to trap keystrokes in Delphi

Tabcntrl.exe

This file contains a Borland Delphi application using the Crystal VCL—with documentation included— which demonstrates how to trap keystrokes over the Crystal Reports runtime preview window. For use with Crystal Reports 5.0.x.108 and higher.

<http://support.businessobjects.com/communityCS/FilesAndUpdates/tabcntrl.exe.asp>

Visual Studio .NET sample applications in Delphi

Delphinet_win_dbengine.zip

This Delphi 2005 sample Windows application demonstrates how to connect to a secured database using the Crystal Reports for Visual Studio .NET Engine object model.

http://support.businessobjects.com/communitycs/FilesAndUpdates/delphinet_win_dbengine.zip.asp

Delphinet_win_exporttoPDF.zip

This Delphi .NET sample Windows application demonstrates how to export a report to a Portable Document Format (PDF) file.

http://support.businessobjects.com/communitycs/FilesAndUpdates/delphinet_win_exporttopdf.zip.asp

Delphinet_win_paramviewer.zip

This Delphi 2005 .NET sample Windows application demonstrates how to pass multiple values to a single discrete parameter field using the viewer's object model.

http://support.businessobjects.com/communitycs/FilesAndUpdates/delphinet_win_paramviewer.zip.asp
